

EIL Seed Fund Now Open Until 19 October 2018!

Bring your awareness raising idea to life and increase understanding of global development issues among the Irish public.

It can be challenging when we have returned from overseas projects to continue to support worthy causes such as the ones we encountered abroad. There are many ways we can promote and highlight the issues and injustices witnessed.

On a long-term basis, an effective way in which volunteers can truly make a difference is to educate others about global justice, the Global Goals and the lives of ordinary people in the global south.

EIL recognizes that it can be difficult for returned volunteers and change-makers to continue their engagement with global development issues here in Ireland. They may face financial barriers, time constraints or be unable to access the necessary help and support.

The EIL Seed Fund Micro Grant Scheme exists to assist returned volunteers & change-makers to overcome these barriers by providing successful applicants with funding, guidance and support to implement their own awareness-raising projects in Ireland.

You can apply to the Seed Fund as an individual or as part of a group. Both application forms are available to download at the link below <https://goo.gl/m3TPmb>
