

[Draft] Kilkenny Public Participation Network Workplan 2025

Introduction

Kilkenny Public Participation Network (KPPN) is an independent umbrella network of community & voluntary, environmental and social inclusion groups active within county Kilkenny. Public Participation Networks (PPNs) were established by the Irish government under the Local Government (Reform) Act 2014 to be the main link through which the Local Authority connects with these groups.

Kilkenny PPN is governed by the Secretariat, a voluntary board elected from the Kilkenny PPN membership whose responsibility is to oversee the development of the network and ensure that the objectives of the PPN are carried out. The Secretariat are supported by one full time manager and a full-time support worker who manage the day-to-day running of the PPN.

Funding for Kilkenny PPN is provided by both the Department of Rural and Community Development and by Kilkenny County Council through an annual allocation. The PPN in Kilkenny is hosted by Kilkenny County Council.

Government guidelines outline 3 main objectives for PPNs:

- **Facilitate the participation and representation** of communities in a fair, equitable and transparent manner through the environmental, social inclusion, community and voluntary sectors on decision making bodies.
- **Educate and strengthen** the capacity of communities and of the environmental, social inclusion, community and voluntary groups to contribute positively to the community in which they reside/participate.
- **Provide information** relevant to the environmental, social inclusion, community and voluntary sector and act as a hub around which information is distributed and received.

These Government guidelines also specify a number of principles and values that PPNs are expected to operate by; they should be inclusive, participatory, independent, valuing diversity, transparent and accountable.

This Workplan was adopted by the Kilkenny Public Participation Network Members and Secretariat as of [date, month year].

Kilkenny PPN's 2025 Workplan incorporates the 3 main objectives of PPNs listed above as well as actions assigned to Kilkenny PPN in the Local Economic & Community Plan 2023–2028 relating to building the capacity of community groups to create positive change in their communities and having a voice in local authority decision-making. The Workplan also incorporates actions identified in the newly developed Kilkenny PPN Strategic Plan 2025 – 2030 to sustain a robust, thriving and resilient advocacy and representation network for communities in County Kilkenny.

The focus of Kilkenny PPN's work in 2025 will be to:

- Support and build the capacity of Kilkenny PPN members and representatives to engage with Kilkenny County Council's policy-making structures.
- Build cohesive and engaged Community and Voluntary, Environmental and Social Inclusion pillar groups within the PPN who can support the work of our PPN representatives.
- Continue to engage with groups from under-represented communities, new communities and minority groups to make sure these groups have an opportunity to join the PPN and input into local authority decision-making.
- Update policies for the Kilkenny PPN in line with DRCD recommendations.
