Were you in attendance at the last Committee Meeting? Yes

Please outline the key issues discussed at the meeting:

- 1. Arising from the minutes of the meeting in September:
A more elaborate outline of the draft work programme was circulated with the agenda for this meeting. Because the chairperson and other members of this committee were absent, it was decided to leave discussion of it to the first meeting in 2026.
- 2. Winter maintenance update:
Account of switching from use of dry salt to wet salt for ice treatment, Number of spreader trips made, mileage covered and costs.
- 3. Roads update:
Extent of road surface treatments, bridge rehabilitation and climate adaptation and resilience works. Plans for next year include 'The North Transport Project' consultation, Work on Lousy Bush Lane, and Loughmacask SUDS Links.
- 4. Speed limits
In 2025 speeds on small rural roads were reduced to 60 km/h. In 2026 urban road speed limits will be reduced to 30 km/h. In 2027 regional road limits will be reduced to 80 km/h. Introduction of these is governed by Bye Laws.
